Dear Captain Chipman:

Franklin
Holt
You will recall that you left three gold coins when you visited our Society for Mr. Newell's examination when he returned. Mr. Newell arrived last Monday and he offers Twenty Dollars (\$20) for one of the pieces, and Mr. Raymond, to whom I believe you sold some of the other pieces which you showed me, has offered Seventeen and One Half Dollars (\$17.50) for the other two which are much less satisfactory from the point of preservation.

If you are willing to accept these offers, kindly let me have word to that effect and a cheque will be sent you.

Very respectfully yours,

SPH/R

Secretary

Left for Mr. Merrill to make
an offer.

My dear Captain Chipman:

The three gold coins which you left at the Museum some time ago were duly shown to Mr. E. T. Newell who collects such coins, but it appears that he has specimens like these in his own collection and, therefore, does not wish to purchase them.

I am writing you concerning these pieces as I had the pleasure of meeting you and Mrs. Chipman at the time of your visit to the Society. I want to make you an offer for the three pieces of Fifteen Dollars (\$15.00).

One of the coins which is of Augustus, the first Roman Emperor, is very battered; and one of the other two pieces is rather worn. The third piece is in very good condition.

If you care to let me have the coins at this figure, kindly address me anote at the American Numismatic Society, and I will send you a cheque for same.

Cordially yours,

B/E
